

# THE BLAIRMORE ENTERPRISE

VOL. XIX., NO. 9.

THE BLAIRMORE ENTERPRISE, THURSDAY, MARCH 1, 1928.

\$2.00 PER ANNUM

The holders of lucky tickets in connection with the prize draw put on recently by St. Paul's church, Michel, resulted in the following: 1st, Frank Skirbe, Kimberley, No. 654; 2nd, M. Bobrosky, Blairmore, No. 128; 3rd, Mrs. A. Clare, Michel, No. 988; 4th, Mrs. A. Branch, Michel, No. 362. M. Joyce, of Blairmore, was the ticket seller for this end of the district.

## YOUNG PEOPLE TO HOLD CONCERT TUESDAY NIGHT

The young people of the United church will stage a concert on the night of Tuesday next, March the 6th, at 7.30 p.m., at the church, which promises to be very interesting. The proceeds of this concert will go towards the new church building fund.

## BLAIRMORE JUNIORS AGAIN PROVINCIAL CHAMPIONS

Blairmore decidedly outplayed the picked Calgary Canadian-Falcon junior crack team here in the second game of the final provincial championship series on Monday night by blanking the visitors with a score of three to nil, and copping the series four to three.

The game, ably handled by Frank McKay, of Okotoks, as referee, was by far the best all-round game of hockey seen in these parts since hockey was introduced.

The opening period tied with the opening period at Calgary, and so did the second period, so that it was left with the final period to decide the championship. Norman Anderson, of the locals, is credited with the deciding goal, placing Blairmore Juniors, a team that has stayed together for three full years, without requiring any building up or picking, champions for the third successive season.

The game was witnessed by upwards of 1200 fans, many of whom were present to represent Fernie, Michel, Pincher, Macleod, Lethbridge, Cowley, Lundbreck, Hillcrest, Bellevue, Coleman, and even Calgary. The game was the cleanest and most exciting ever staged. While a number of penalties for accidental and minor offences were meted out, the majority were won by the visitors.

Blairmore started in with a lead of two to upset, and this to most fans seemed almost an impossibility, but with extremely clever play, coupled with the usual stellar goal tending by Davie Kemp, the result was most decisive.

A very pleasing feature of the game here was the good sportsmanship displayed by all the members of the visiting team, in that at the close of the game they rushed to shake hands with Houbregs, Anderson, Kemp and other stars of the local squad.

## MISS BOND ENTERTAINED BY YOUNG PEOPLE

A delightful dance was held on Tuesday evening of last week in the grill room of the Tea Kettle Inn, in honor of Miss Milda Bond, who leaves shortly for Calgary, where they will enter the Holy Cross hospital as a nurse-in-training.

The Canadian Legion hockey boys were among the many guests present and prior to their departure on the 10.45 train for Calgary, where they were to play the Canadian-Falcons, luncheon was served to them in the ice cream parlor adjoining the grill.

On behalf of Miss Bond's many friends, Wilfred Dutil presented the guest of honor with a hatbox and suitcase, making the presentation with a few well-chosen and appropriate remarks.

The committee who organized the gathering, which was a most successful affair and attended by most of the young people of the town, consisted of the Misses Mary Gray, Isabel Rae, Doris Smith, Sophie Kubic and Julia Dutil.

## DEATH OF FRED SCOTT

A sad death occurred at the Coleman hospital on Saturday, February the 25th, when Fred G. Scott died of injuries sustained ten days previous, while working in No. 3 level of McGillivray mine at corner number 78 pillar.

He was removed to hospital, where death resulted.

An inquest was held before Coroner A. M. Morrison at the town hall, Coleman, with the following jury empanelled: H. C. McBurney, foreman; John D'Appolonia, Thomas Holstead, Joseph Stephenson, Walter Bobbitt and Max Steigler. The following verdict was returned:

"That Fred G. Scott died in the

## W. H. CHAPPELL RE-ELECTED CHAIRMAN OF SCHOOL BOARD

At the first regular meeting of the 1928 school board, held at the office of the secretary-treasurer last night, reorganization took place, when R. W. H. Pinkney and W. A. Beebe were declared elected and duly sworn in to serve the district for another term. Upon motion by Mr. Pinkney, Mr. W. H. Chappell was again elected chairman of the board.

The minutes of previous regular meeting of January the 20th were read and approved and the following accounts were passed for payment: D. Oliver \$1.00, A. Morency \$5.50, Blairmore Iron Works, Ltd. \$46.85, C. H. Ericson \$9.46, Blairmore Enterprise \$13.82, Sunburst Coal Co. \$36.00, Petty Cash \$15.08, Blairmore Pharmacy \$48.80, Knapman Plumbing and Heating Co. \$195.49.

Appointment of officials resulted in A. J. Kelly being re-appointed secretary-treasurer and John Spence trustee officer.

The trustee officer's report for the month of January was received and filed.

The requests of Miss F. Warner and Miss M. Wiswell to have their names entered upon the list of substitute teachers available for the year were granted.

Mr. Chappell, who recently attended the annual session of the Alberta Trustees Association at Edmonton, withheld his report on that convention until a meeting which will likely be held on Wednesday, March 14th, at 8 p.m.

Messrs. W. H. Chappell, W. A. Beebe, J. Angus McDonald, C. J. Tompkins and R. W. H. Pinkney were present at the meeting.

## BLAIRMORE MEETS FERNIE TONIGHT AND SATURDAY

At the close of Monday night's game, the audience was informed by Mr. L. L. Morgan, on behalf of Dr. Sandercock, the president of the C. A.H.A., that interprovincial championship games with the winners of British Columbia would be played on Thursday and Saturday of this week. Later, word was received that Fernie had won from the ex-King George team at Vancouver would be Blairmore's opposition.

Fernie will arrive by special train this afternoon, having acquired all of one side of the arena for both tonight and Saturday. Tickets were delivered to Fernie by Mr. Robt. Gray, the local secretary-manager, on Wednesday and went like hotcakes.

All fans in the district from Lethbridge to Cranbrook are keenly keyed up on the interprovincial go.

Reserved seat tickets for both games may be had at the local drug store.

The local team will comprise: D. Kemp, J. Houbregs, N. Anderson, I. Evans, J. Oakes, J. McVey, C. Joyce and James Kemp.

## ST. LUKE'S, BLAIRMORE

Services as follows:

March 1st—Evensong at 7.30 p.m. Subject of address: "The Life of Christ."

Those who are wishing to be confirmed, please meet at the church at 7 p.m. on above date, March 1st, Thursday.

Sunday, March 4—Evensong at 7 p.m. —A. D. CURRIE, Incumbent.

Coleman hospital on the 25th day of February, 1928, from injuries received on the 16th day of February, 1928, while working in No. 3 level corner number 78 pillar, McGillivray Creek Coal & Coke Company mine, at Coleman. No blame can be attached to anyone.

"From the evidence submitted, the jury would suggest that a special car be kept in all Alberta mines for the purpose of conveying injured persons to the surface."

## CHEVROLET CHASSIS DEMONSTRATION TONIGHT

A Chevrolet chassis demonstration and lecture will be given at the showroom of the Crows' Nest Pass Motors tonight at 8 o'clock by a well versed representative of the General Motors of Canada, Limited.

A cut out engine and differential will be shown, with all the moving parts exposed, making the lecture much more effective.

This demonstration and lecture will be repeated at Corbin, B.C., on

The new telephone office building to be erected at High River will be of the same style as Blairmore's. P. Taylor & Son have secured the contract.

## CONTRACT LET FOR NEW TELEPHONE BUILDING

The contract for the erection of the new telephone exchange building has been awarded to Messrs. Turner & Co., of Medicine Hat.

The new building will be of bungalow style and will be erected on the site where the former building stood, just west of the Royal Bank building.

The work of excavation for foundation and basement will commence, weather and other conditions permitting, on March 15th.

tomorrow (Friday) evening at the same hour at the Corbin town hall. These lectures are free and you are invited to attend.

## WORLD HAPPENINGS BRIEFLY TOLD

Russia has filed with the League of Nations, a proposal for the abolition of all armaments, in line with the suggestion she made at the December League disarmament meeting.

The Royal Society of Canada will hold its annual meeting in Winnipeg, May 23-26, it was announced by President Prof. A. H. R. Buller. This is the first time the society has convened west of the Great Lakes.

Herbert Swanton, 52, pioneer farmer, four miles north of Wabow, Sask., was instantly killed about half a mile from the town when a sleigh load of wheat tipped over him and smothered him.

The complete stamping out of leprosy within the next decade is predicted in the annual report of the British Leprosy Relief Association, by means of a treatment with oil extracted from the dried fruit of the hydnocarpus tree.

Failure to meet the right man is the chief cause of spinsterhood among educated women, says Dr. Katherine Dement Davis, for ten years secretary of the New York bureau of social hygiene. She has just completed a survey of the situation.

Unemployed insurance, national in scope, is recommended in a report submitted to the provincial legislature by the Seasonal Unemployment Commission, headed by Dr. R. W. Murdoch, of the Manitoba Agricultural College.

Attempts of the tri-motored Zenith aeroplane Albatross to create a new endurance world record were unsuccessful. The machine, piloted by A. Peterson and C. F. Rocheville, was forced down at the end of 26 hours owing to motor trouble.

The following appointments in the Royal Canadian Naval Services have been approved, it was announced by the department of national defence: E. P. Shaver, Edmonton, confirmed in the rank of sub-lieutenant, and G. A. Agnew, Saskatoon, confirmed in the rank of sub-lieutenant.

## WHY TORTURE THE LITTLE ONES

Mothers, do you think it fair to torture your little ones by forcing them to take ill-tasting oils when they need a laxative medicine? Don't you find that the child's dread of these medicines often do more harm than good?

Baby's Own Tablets are the modern substitute for these nauseous doses. They are the very medicine the child requires and are so pleasant to take that they are as easy to administer as a glass of water. They are the perfect remedy for all the minor ailments of little ones, being absolutely guaranteed free from injurious drugs.

Baby's Own Tablets accomplish all that castor oil and other bad-tasting remedies can do. In fact they accomplish more as they do not leave the child exhausted from its struggle against taking medicine. They relieve teething pains, banish indigestion and constipation, break up colds and simple fevers and promote healthful, refreshing sleep. They are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Andean Indians have swollen faces from the habit of chewing coca leaves.

## SUNDAY SCHOOL LESSON MARCH 4

### JESUS AND THE TWELVE

Golden Text: "Go ye into all the world, and preach the gospel to the whole creation."—Mark 16:15.  
Lesson: Mark 1:16-20; 2:13, 14; 3:13-19; 6:7-13, 30.  
Devotional Reading: Romans 12:1-5.

### Explanations and Comments

**I. The Choice Of The Twelve, 8:13.**  
One day Jesus went up the mountain to pray; he continued there all night in prayer, Luke tells us. Then as companions for Himself and as messengers to the people he chose from among all His followers a little company of twelve men. "The number is significant and symbolical, a clear allusion to the tribes of a new Israel. And by that choice of twelve Christ did two things: (1) He made stupendous claim for Himself. Every Jew knew in a moment what the choice of twelve implied. It implied that Jesus was the promised and long expected Messiah. It meant that he was the fulfillment of ancient prophecy. And (2) it provided the apostles themselves with a constant stimulus to devotion and support of faith. It carried their minds back to the promises."—J. D. Jones.

They were ordinary men, these twelve, men from the ordinary ranks of life. Four of them were fishermen, one was a tax-collector. It was the power of the gospel that it built up its mission on the lives of ordinary men. G. K. Chesterton says: "It took ordinary men and made of them apostles, missionaries, evangelists, martyrs."

"Jesus found twelve ordinary men and discovered extraordinary capacity in them. They had had little opportunity. He became their opportunity. They had not had a great past. He saw that they could have a great future. He judged them by the spot where the Infinite touched them. He lived with them. He talked with them, and then He gave them something to do. He knew that when listening is turned into action does it become character. He made them heralds of the Kingdom, and they grew in stature even as they announced its coming."—Lynn H. Hough.

## SUN LIFE ASSURANCE COMPANY OF CANADA

### No Economic Value

#### Report Against Gland Treatment Of Livestock Is Given

A committee of experts appointed by the board of agriculture, of London, Eng., has issued an adverse report on Dr. Serge Voronoff's gland treatment of livestock. The report admits that the claim is possibly justified, that the effect of the treatment was rejuvenation of aged and decrepit male sheep and similar animals, but considers the evidence was not based on critical experimentation, and that, therefore, the data given fails to warrant an estimate of economic value.

One-fifth of the United States is covered by forests.

### Women Of S. A. Want Franchise

A bill providing for the extension of the franchise to women in South Africa has passed the committee stage in the house of assembly, despite strenuous opposition from the Nationalist party, led by Premier J. B. M. Hertzog. The premier takes the ground that the question as to rights of the natives should be settled first. The Women's Enfranchisement Bill limits the granting of the vote to white women.

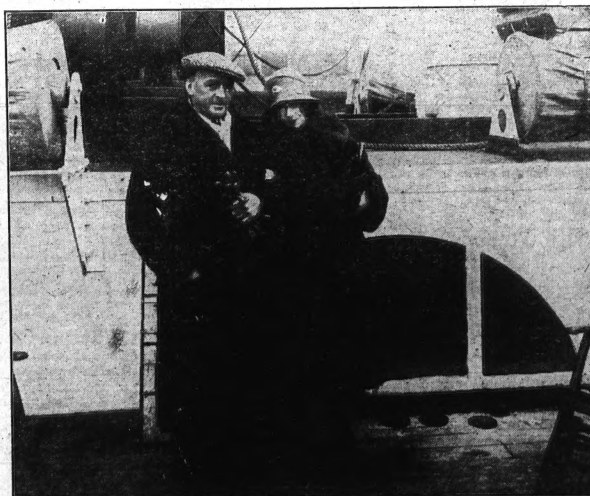

"It doesn't matter; I can come back," he said. "There's probably a train that comes back."  
"I'm sorry!" said Icky. "I've made you miss your train!"

### Made Fatal Voyage

#### Six Japs Are Suffocated In Hold Of Ship In Attempt To Enter U.S.

The bodies of six Japanese who attempted to smuggle themselves into the United States were found in the hold of the Tasiko Maru, which reached Tokyo from Seattle, Washington. The ship's cook confessed to hiding them in the hold on December 20 when the Tasiko Maru sailed for Seattle. From brief notes the men left it was believed they suffocated before the ship left Yokohama after which the cook became frightened and kept their death secret until the ship returned to Japan.

### EXPERT MOVERS

Sir John and Lady Martin-Harvey, famous English players of Sabatini's "Scaramouche," who with their company of 25 actors spent only three hours enacting at Halifax with the Canadian tour, with hundreds of pounds of dresses, disguises, guns, and what-not to be piled in two 50-foot box cars. No time lost. A lesson to householders who move in May.

**WRIGLEYS**  
The cool, comforting flavor of WRIGLEYS' Spearmint is a lasting pleasure. It cleanses the mouth after eating—gives a clean taste and sweet breath. It is refreshing and digestion aiding.

**WRIGLEYS' SPEARMINT**  
MINTS, TOBACCO, CHOCOLATE  
MINIATURE OF A VOYAGE  
EVERY MEAL

**Porcupine Quills Cause Death**  
Porcupine quills indirectly caused the death in Hazelton, B.C., of Ernest Loring, a former government telegraph lineman. The quills, entering his flesh some years ago, worked through his body and eventually pierced one of his lungs. An illness developed that kept him a semi-invalid for a number of years.

There are 38,000 passenger car dealers in the United States.

## RE RESERVATIONS AND PRICES FOR PLAY-OFFS

As there seems to be some misunderstanding locally as to why Fernie should be permitted to buy over half the reserved seat sections of the arena for the games tonight and Saturday, we are asked to explain that

the local arena management or the Junior Hockey Club are in no way responsible.

For the interprovincial play-offs, the entire arrangement is in the hands of the C.A.H.A. of which Dr. E. Sandercock is president and head.

It is also reasonable, in face of the fact that the neighboring and rival mining towns of Fernie and Blairmore were unable to secure home-and-home games, that we should in every way possible concede to the wishes of the Fernie club and grant them the privileges of the whole arena if they are willing to bring people down to fill it. No kick should be made at the set price of 75 cents for reserve seats, since it is costing Fernie and other visiting fans several times that amount to see the games.

The regular meeting of the town council will be held on Monday night next.

## Maintain the Quality of Alberta's Crops

### BETTER SEED

MEANS

Better Yields — Better Grades — Better Prices

A Special Committee appointed by the Minister of Agriculture, with the co-operation of numerous organizations in the province, is urging the use this spring by farmers throughout the province of **High Quality, Clean, Treated, Seed Grain**, in order to reduce the heavy annual losses sustained by sowing inferior seed.

#### FARMERS CAN CO-OPERATE BY

1. Using registered seed wherever available.
2. Using at least high quality commercial seed.
3. Having seed tested for germination and purity.
4. Treating seed for munt.
5. Thoroughly cleaning all grain intended for seed.
6. Seeding only varieties of recognized quality and varieties suitable to the district.

Good seed will be in demand this spring. Secure your requirements early—before the supply is exhausted.

U.F.A. Locals, Boards of Trade, The Wheat Pool, Banks, Commercial Grain Firms, the Press, and many other organizations are working in co-operation with a

#### BETTER SEED COMMITTEE

consisting of representatives of the Provincial Department of Agriculture, the Dominion Seed Branch, the Canadian Seed Growers' Association, the Alberta Seed Growers' Association, the C.P.R. Agricultural Department and the University of Alberta.

D. A. McCannel, Provincial Publicity Commissioner, Edmonton, Sec.

## SWITCHED TO TRAIL

On the recommendation of the British Columbia branch of the Canadian Amateur Hockey Association, Dr. F. E. Sandercock, president of the Dominion body, has switched the Alberta-British Columbia Allan cup play-down from Vancouver to Trail. Trail won the B.C. championship while the Alberta winners will not be decided until Saturday. The two-game series at Trail will be played on March 5th and 7th.

We overheard a smoke fiend at the arena the other night remark that he could not go one hour without his smoke. We wonder how that guy manages when putting in his eight-hour shift in the mine.

Fernie's visit to Blairmore by special train today in quest of the interprovincial hockey championship heralds the revival of the old-time interest in hockey. The clean brand of hockey put up by the youngsters of the juvenile and junior teams is largely responsible for the renewed interest.

The Fernie Rotarians, British Columbia's junior hockey champions, arrived from the coast this morning, via Calgary. They are staying at the Cosmopolitan and are accompanied by Rev. Father Birch. The boys had a workout at the arena this forenoon and appear to be in excellent shape for tonight's game.

## MR. CRAWFORD BECOMES SUPT. AT MCGILLIVRAY

Owing to ill health, Mr. Davidson has been obliged to resign the position of superintendent of the mines of the McGillivray Creek Coal & Coke Company at Coleman and is being succeeded by Mr. J. Crawford, who up to the present has been inspector under the provincial mines department.

Mr. Davidson held down the position of super at Coleman for a number of years and was formerly connected with the West Canadian Collieries, Limited, at Bellevue.

Mr. Crawford has for the past year or so been inspector of mines in the east Crows' Nest Pass district, between Frank and Pincher Creek.

Isaac met Aaron as he was walking along the street, and their conversation turned to the Sabbath. "Oh, by the way," said Isaac, "I dropped half a sovereign in the plate at the synagogue last week."

"Did you?" answered Aaron, astonished. "Vat was the matter with it?"

## COWLEY HAPPENINGS

Fred Tustian was a Blairmore visitor on Wednesday.

The march is blanketed with three inches of fresh snow which fell on Monday.

After spending the winter in Calgary, Percy Dennis, cattle dealer, has returned to the district.

Mr. and Mrs. Coghill, of Bellevue, were week-end visitors with Mr. and Mrs. Robert Littleton.

Milton Robinson returned on Friday from an extended visit with his mother, brothers and sister at Vancouver.

John S. Hewitt was on Tuesday returned as councillor in Division 5 of the Municipal District of Livingstone, by a majority of 39 over C. Farrant.

Dave and Bruce Bouthiller, F. A. Tustian and H. C. Morrison were among those who witnessed the Blairmore-Calgary hockey game at Blairmore on Monday night.

On Tuesday night, Mrs. George Porter gave a whist drive in aid of the Roman Catholic church here. There were five tables at play. The prize winners were: Ladies, Mrs. Lemire; gents, Mr. Lemire. A very enjoyable evening was spent.

The regular monthly meeting of the Women's Institute was held at the home of Mrs. Archie Swart on Thursday, February the 23rd. The principal business conducted was making arrangements to put on a hard time dance on Thursday, March 15th. The Elks' paramount orchestra will be in attendance. Two prizes will be offered for the most original costumes. The proceeds of the dance will be given to the St. Vincent's Hospital, Pincher Creek.

## CROWS' NEST PASS SUNDAY SCHOOL MUSICAL FESTIVAL

Office of the Secretary,

Hillcrest, Alberta, Feb. 28, 1928

Dear Sir, or Madam—As our festival falls on a date much earlier than last year our financial arrangements must be made correspondingly.

Each year greater interest, enthusiasm and support is forthcoming and we look forward to the coming event with confidence.

It is anticipated that our financial requirements will be about the same as for 1927, and because of the generous manner in which our appeal was met last year, the committee feels that it will be unnecessary to make a personal canvass for funds.

Aside from choral and orchestras, 165 individuals competed in the various events last year. For this year additional numbers have been added to the program and we have every reason to hope that the fourth festival will prove the most interesting and successful yet held.

As a subscriber to our funds last year, we again solicit your interest and financial support for 1928.

Donations which we should like to have reach us not later than the 25th March, so that suitable acknowledgment may be made in the official program, may be sent to any member of the committee mentioned below or forwarded direct to the secretary-treasurer.

Where requested, individual donations can be applied as prizes to any particular class of competition and the donor's name mentioned on the official program.

Trusting this request will meet with the response which we feel the cause merits.

On behalf of the Finance Committee

MOSES JOHNSON,  
Chairman.

Finance Committee—Moses Johnson, chairman; J. E. Upton, Blairmore; Noble McDonald, Bellevue; Dr. G. Blair Rose, Hillcrest; J. Cox, Coleman.

The past year has been an extremely successful one for the Pontiac six, and the fruits of this success are seen in the new series Pontiac, announced this week, which incorporates numerous improvements and refinements at no increase in price. The four models illustrated above indicate the graceful lines of the new car. At the upper left is the two-door sedan and at the upper right the rakish new sport roadster, with its convenient folding seat. A head-on view of the roadster, showing the deep, narrow radiator and two of the four-wheel brakes, appears in the centre panel. At the lower left is the beautiful cabriolet and to its right the new four-door sedan.

A Chassis Demonstration, with various models on display, will be held at the Crows' Nest Pass Motors Garage tonight at 8 o'clock and also at the Town Hall, Corbin, B.C., tomorrow at 5 p.m.

## RETURNING COURTESIES

The American Nation in the person of Frank B. Kellogg has been paying a return visit to its sister nation to the north, the Dominion of Canada. Only a few years ago Canada was styled a colony, but it has, in little less than a decade, become an equal partner in the British Commonwealth of Nations.

Canada and the United States, separated by an imaginary border, are ever coming closer in the bonds of affection and sympathy, and the visits of high officials from one country to the other make for a deeper understanding of each other's problems, a deeper desire to put into practice the Golden Rule where seemingly their interests do not run parallel. The present visit of the United States Secretary of State to Ottawa is a return courtesy for that paid to Washington by W. L. Mackenzie King, the Canadian Premier.

History has been in the quick making during the past two or three years. In October, 1926, Viscount Willingdon was sworn in as Governor-General, and became the first real Viceroy of Canada, inasmuch as he directly represents the King and not the British Government as heretofore. Now communications are carried on directly between the two countries, instead of through the Governor-General, a fact which springs out of Canada's changed status. When Viscount Willingdon went to Washington at the end of 1927, his visit was actually a visit of vicereignty; for the Governor-General represented the "King of Canada."

Then we have Vincent Massey's appointment as Minister Plenipotentiary and Envoy Extraordinary to Washington, with full charge of all Canadian affairs, thus relieving the British Embassy of much of its work. Another progressive step was taken in June, 1927, when the first American Minister to Canada presented his credentials to the Governor-General, President Coolidge paying the Dominion the compliment of appointing William Phillips, a man in the front rank of American diplomacy, to the post.

Canada has also recently received a still further recognition of its status of nationhood, for it has taken its seat among the peoples of the world, on the Council of the League of Nations. Again, only a few days ago the Prime Minister announced that the Government had decided to bring about an exchange of ministers between Canada and both France and Japan.

It is true that Mr. Kellogg states that his visit north is "for purely social purposes," but when these embrace receptions and entertainments by the Governor-General and the Prime Minister, a reception in the Parliament Buildings and a dinner in the House of Commons, it would seem that his assertion must be regarded as an understatement. The visit would seem unquestionably to be a return courtesy for the visits of Canada's official representatives.—Christian Science Monitor.

## PEDESTRIANS BEWARE

Thick speech, staggering gait, smell of liquor or the breath and bleary eyes do not in themselves necessarily prove that the person so affected is unfit to drive a motor car, according to the ruling of a Saskatoon magistrate. The judgment will hardly convince the average person, who will be inclined to believe that anyone in the stage of intoxication mentioned is unsafe to himself and others when at the wheel of an automobile.—Montreal Gazette.

## Good Prospects

A farmer became the father of twins, and on learning the news he was so delighted that he hurried to the nearest railway station and sent this telegram to his sister-in-law: "Twins today. More tomorrow."

The rule in the women's clothing business today is all the traffic can bear.—Arkansas Gazette.

BLAIRMORE UNITED CHURCH  
Rev. J. W. Smith, Pastor.

Serve the church that the church may serve you.

Services for Sunday, March 4, the Pastor in charge—

**MORNING SCHOOL** at 11 o'clock. "Some ancient documents of both Old and New Testaments" will be the subject for study in the Young People's class. The lesson will be illustrated by photographs of some of the famous manuscripts shown on the screen.

**AFTERNOON SCHOOL** at 2. Mr. Smith will give a "Picture Talk" after the lesson.

**EVENING WORSHIP** at 7.15. It is very encouraging to hear so many kind things said about our Song Service, as we have heard the past week. Still, it can be much improved. We need your presence and you will be helped by coming. Singing is good for the soul.

Easter is drawing near and our thoughts are turning toward Calvary and the Resurrection Morn. Beginning on Sunday, Mr. Smith will give a series of sermons on "The Cross," the first of which is entitled: "Love Refused."

**ANNOUNCEMENTS**—We had one of the best concerts of record dated for tomorrow, but fearing that some of those taking part should have used their voices rooting for the boys on Thursday, we decided to give them the week end to get over it. The concert will be held in the church on **TUESDAY, MARCH 6th**, doors open at 7.30, concert commences at 8. Sure thing, let's have everybody out, Thursday, Saturday and Tuesday.

**WEDNESDAY** at 7.30, Church Night Prayer Service. Meditation and discussion on "Why join the church." The first of a series of practical discussion on the meaning of the church and privileges and obligations of membership.

The regular monthly meeting of the Ladies' Aid will be held in the church on **Wednesday, March 7th**, at 2.45 p.m. All members and friends are requested to be present.

An auction sale of farm stock, implements, etc., is being conducted this afternoon by H. D. Gerry at the Green ranch, near Pincher station. A similar sale will be conducted by W. T. Eddy at the ranch of Chris. Stevens, south of Lundbreck, on Saturday. Mr. Stevens has disposed of his ranch and with his family will take up residence at Vancouver.

Not the least interested spectator at the big hockey game on Monday was the Rev. W. T. Young, pastor of Cushing Memorial United Church, Calgary, who until the end of June last was pastor of the United church here. Mr. Young had travelled down from Calgary especially for the game, and to renew old acquaintances. His interest in the Blairmore team will be readily understood when it is recalled that years ago he started the Tuxis and Trail Ranger movement here in connection with the Sunday school and young people's work. All the members of the present Legion team are products of this early training and a credit to the town and to Mr. Young. The latter has been spending two days with Mr. and Mrs. Walter W. Scott. Naturally Manager Scott and Mr. Young both feel proud of the boys' performance, and quite justifiably. In fact, the whole town shares their delight.—Blairmore Correspondent to the Lethbridge Herald.

## TWENTY YEARS AGO

C. F. P. Conybeare, city solicitor, left for Edmonton this morning and Alderman Ives went from Blairmore last night to interview the provincial government about the amendments to the city charter.—Lethbridge Herald.

If you think women better qualified than men to pick the best candidates, look what they marry.

A CANADIAN RIVER  
THAT LOSES ITSELF

A river that loses itself so completely that no trace of its course can be found for several miles is one of the interesting features of Jasper National Park, Alberta, which, with an area of more than 5000 square miles, is the largest national playground in the world. The name of this river is "Maligne," French for "Bad," and given to it because where it joins the Athabasca there was a ford, which was much feared by the trappers and voyageurs of early days in western history.

The Maligne river finds its source in Maligne lake, about 35 miles from its confluence with the Athabasca. Maligne lake is about 14 miles long, more than a mile wide and the largest glacier fed body of water in the Canadian Rockies. From this lake the Maligne river flows swiftly down hill for about 14 miles to empty into Medicine lake, a body of water four miles long and from a half to a mile wide. This lake, in some places, reaches a depth of 150 feet.

Out of this lake there is no known outlet. At the foot of it and for a mile or so below there is the dry course of what was once a river. But this led is dry and there is neither a sight nor sound of water in or near it. After about a mile, a trickle of water makes its appearance and within a comparatively short distance a river is once more flowing through the valley. This is again the Maligne river, although from this point to the Athabasca the volume of water is never as great as that which flows into Medicine lake. A mile above the Athabasca river, the Maligne hurries itself into a great canyon, hundreds of feet deep, and, in places, less than a yard wide at the top.

## HE HADN'T TIME

(Commended to persons afflicted with hurryitis)

He hadn't time to greet the day,  
He hadn't time to laugh or play;  
He hadn't time to wait a while,  
He hadn't time to give a smile;  
He hadn't time to glean the news,  
He hadn't time to dream or muse;  
He hadn't time to train his mind,  
He hadn't time to be just kind;  
He hadn't time to see a joke,  
He hadn't time to write his folk;  
He hadn't time to eat a meal,  
He hadn't time to deeply feel;  
He hadn't time to take a rest,  
He hadn't time to act his best;  
He hadn't time to help a cause,  
He hadn't time to make a pause;  
He hadn't time to pen a note,  
He hadn't time to cast a vote;  
He hadn't time to sing a song,  
He hadn't time to right a wrong;  
He hadn't time to send a gift,  
He hadn't time to practice thrift;  
He hadn't time to exercise,  
He hadn't time to scan the skies;  
He hadn't time to heed a cry,  
He hadn't time to say good-bye;  
He hadn't time to study poise,  
He hadn't time to repress noise;  
He hadn't time to go abroad,  
He hadn't time to serve his God;  
He hadn't time to lend or give,  
He hadn't time to really live;  
He hadn't time to read this verse,  
He hadn't time—he's in a hurry—  
He's dead!—Grenville Kleiser.

Judge: "Throw him in the jug."  
Dumb Cop: "No, no, Judge, I just pulled him away from one."—Missouri Outlaw.

And have you heard of the poor Scotchman who bought our magazine and then laughed at his own expense? Ha, ha, ha!—Stevens Stone Mill.

We simply must tell another Scotch story. It seems that there was a Scotchman walking down Main Street the other day, looking for a cheap post office.—Boston Beanpot.

Arithmetic Teacher: "Johnny, if your father earned forty dollars a week and gave your mother half, what would she have?"

Johnny: "Heart failure." — Dartmouth Jack o'Lantern.

## THE GOAT

A schoolboy's essay: "A goat is about as big as a sheep if the sheep is big enough. A female goat is called a buttress; a little goat is called a goatie. Goats are very useful for eating up things. A goat will eat up more things than any animal that ain't a goat. My father had a goat once. My father is an awful good man. Everything he says is so, even if it ain't so. That is I know about the goats."

Complaining Customer: "I haven't come to any ham in this sandwich yet."

Proprietor: "Try another bite."

Customer (after a huge mouthful): "I haven't come to any ham yet."

Proprietor: "You must have gone right past it."

This Great Healing Oil Must  
Speedily Bring Comforting Relief  
To Tired, Aching, Swollen Feet

Or Your Money Back. That's the Plan on Which Moore's Emerald Oil is Sold by All Good Druggists

This wonderful preparation now known all over America as Moore's Emerald Oil is so different in the treatment of inflammatory foot troubles that the unbearable soreness and pain often stops with one application.

Moore's Emerald Oil is safe and pleasant to use; it doesn't stain or leave a greasy residue. It is so powerfully antiseptic and deodorant that all unpleasant odors resulting from excessive foot perspiration are instantly killed.

Be patient; don't expect a single bottle to do it all at once but one bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort. It's a wonderful formula—this combination of essential oils with camphor and other antiseptics so marvellous that thousands of bottles are sold annually for reducing varicose or swollen veins. All druggists sell lots of it.

If you know them well, it's sometimes pretty hard to tell the sinners from the saints.

The State of Montana realised ten million dollars from the tourist traffic in 1927.

## CHASSIS DEMONSTRATION OF THE Bigger and Better CHEVROLET

WITH MOVING PICTURES  
In TOWN HALL At  
**CORBIN, B.C.**  
Friday, March 2, at 8 p.m.

Come and discover the qualities that make Chevrolet Bigger and Better. Have all its modern mechanical features fully and clearly explained by an expert from the General Motors' factories.

In all automobile history . . . in all Chevrolet's thirteen years of constant progress . . . there has never been a low-priced car so luxurious, so modern, so beautiful as the Bigger and Better Chevrolet. This demonstration will show you why, in an interesting and instructive way.

Come . . . whether you contemplate buying a car or not.

Everybody Welcome — Admission FREE

## The Water Powers Of Canada

In the "forward look" which is now almost universally characteristic of the Canadian people regarding their Dominion, and which offers such a sharp contrast to the less optimistic—in fact the rather pessimistic—view entertained a comparatively few short years ago, the subject of power, and power development schemes, looms very large, coupled with the question of improved and cheaper means of transportation which has always bulked largely in the national policies of the country.

The development of power through the generation and application of steam made the nineteenth century noteworthy, and introduced the age of machinery in the work of production as contrasted with the old methods of handwork and manual labor. The closing years of the last century saw the beginning of the development of power through electrical energy, largely developed through the primary utilization of steam. The internal combustion gasoline and oil engines also had their beginning.

During the first quarter of the present century development of electrical energy, and of internal combustion engines, proceeded with amazing rapidity, particular attention being paid to the harnessing of water-powers throughout the world for the production of electrical energy in its cheapest form and in enormous quantities, until it is now recognized that those countries possessing ample water-powers, and those natural resources that are the basic requirements in manufactures, are, and will to an ever increasing extent be, the great industrial nations of the world.

In extent, variety, and wealth of natural resources required in manufactures, and in the magnitude of its available water-powers within reasonable distance of such resources, Canada is probably the richest country in the known world, and the development of its water-powers for use, and the consequent utilization of its natural resources, is going ahead by leaps and bounds. The value of these water-powers and resources are only beginning to be fully realized by the people as a whole, and what they may be made to mean to the future of the Dominion.

Men of wealth, captains of industry, financial magnates, are alive to the importance of these great sources of potential wealth. They realize they are the foundations upon which great enterprises and an abounding prosperity can be built. As a result is a scramble, a struggle, for possession and control of water-powers is in progress, and it behooves the people of Canada to give close attention and deep study to the many issues involved.

Naturally two schools of thought have arisen as to the policy which should be followed in relation to possession, development and control of water-powers, one advocating retention by the Government, whether Federal or Provincial, and development and ownership by such authority as a matter of public policy; the other strongly urging private ownership, development and control. It is urged, probably with truth, that development will be more rapid through the investment of private capital than can possibly be expected if left solely to Governments. It is further argued that, through the retention of a large measure of Government control over operations and rates, the interests of the public and the country at large can be protected.

Advocates of complete Government ownership, on the other hand, contend that these water-powers are the property of the people of the Dominion, and should not be alienated; that these water-powers will run on forever and not be dissipated or exhausted as other resources may be; that, even granting that development might be more rapid under private capital, the Canadian people will be well advised to take the longer look into the future of their Dominion and protect the future by retaining complete possession and direct control of these sources of industrial greatness and national wealth and prosperity.

Ontario is practically committed to the policy of public ownership; Quebec, on the other hand, has followed the policy of development through private investment. Manitoba has both public and private development schemes under way. Saskatchewan has a Government plan, studying the whole subject. Manitoba and Alberta are both striving to obtain control of certain water-powers, title to which now rests with the Federal authorities. And, looming over all is the great issue of development and control of the huge powers along the St. Lawrence and Ottawa Rivers.

This whole subject is so vitally important to the future of Canada that it is well that all citizens should give earnest and careful consideration to it, and not be stampeded by private interests or by political catch-cries into either approval or condemnation of any policy now presented until it has been most thoroughly examined and demonstrated to be sound and wise, or, on the other hand, inimical to the country's best interests.

### Manitoba Old Age Pensions

Monies To Be Raised By Special Levy On Property

Monies for the payment of the old age pensions will be raised by a special levy on property in the province, based on the equalized assessment. Premier John Bracken told the Manitoba Legislature, when introducing the bill. One half of the total amount

necessary to finance the scheme will be paid by the Dominion Government, but the province will have to pay the other half, and in addition will have to bear the cost of administration, which will be placed in the hands of the Workmen's Compensation Board.

### Advocates Film Censor

Member Of Ontario Legislature Wants Films Specially Censored For Children

Aurorian Belanger has given notice of his bill to amend the Theatres and Cinematographs Act, as indicated when he was addressing the Ontario legislature recently. It proposed appointment to the board of censors of a man whose duty it would be to review films from the standpoint of their effect upon children. Approved films would be stamped to indicate that they may be exhibited to children under 16. Those not so approved would not be permitted to be shown to children, even when they are accompanied by parents or guardians.

### Record In Miniature Writing

Writing in miniature on three-penny pieces is the hobby of a Harrow engraver. He has just completed engraving the Lord's Prayer twelve times on one of the small coins. And there is still room for three more versions! He thus beats the record of a Southampton man, who succeeded in writing the Lord's Prayer 11 and two-thirds times in a space the size of a three-penny piece.

Keep Milburn's in the Medicine Chest.

### Tribute To Sun Life President

Mr. T. B. Macaulay, president of the Sun Life Assurance Co., who recently celebrated his fiftieth year of continuous service.

### Extraordinary Expansion Of Sun Life Assurance

Business Has Doubled On An Average Every Five Or Six Years

The extraordinary expansion of the Sun Life Assurance Company of Canada during the last few years has caused its annual report to be awaited with unusual interest, not only by the policyholders of the Company, but by a large section of the general public.

Perhaps a sentimental interest attached to this expectation this year, because the President, Mr. T. B. Macaulay, in October celebrated his fiftieth year of continuous service, and it was known that the worldwide organization of the Sun Life Company had determined to specially honor his jubilee with an outstanding tribute in the form of increased business.

Having in view the fact that the Company's business has doubled on an average every five or six years since it was organized, it would appear rather difficult to outline previous records. But the annual report which the President has just submitted, and which appears in this issue, must have surpassed the expectations of the most sanguine. The total amount of assurance in force with the Company now approaches the billion and a half figure, \$1,487,000,000, an increase for the year of over \$21,500,000. The total net income for the year exceeded \$100,000,000—five times what it was ten years ago, and more than \$2,500,000 in excess of the income for the previous year.

The outstanding position of the Sun Life Company in the assurance world is not confined to Canada. Such statistics as are available for 1927 indicate that the aggregate new business of all the companies operating in North America last year barely exceeds the total new business of the previous year. The increase in the new business of the Sun Life of Canada, on the other hand, was twenty-three per cent. Assurances in force on the books of the Company have doubled in four years—new business has tripled in that period.

This wonderful expansion has been paralleled by a great increase in the already proverbial strength and resources of the Company. The assets have been increased by over \$50,000,000, and now reach the impressive total of over \$400,000,000. The Company's assets approximate the amount of the total assurances in force only eight years ago.

Dread Of Asthma makes countless thousands miserable. Night after night the attacks return, and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Helio comes, and at once, while future attacks are ward off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and sold almost everywhere.

### Canadian Coal Industry

The number of men employed in the coal industry of Canada last year was 29,040, divided between 6,611 surface men and 22,393 under ground. Nova Scotia mines employed 13,402 persons; Alberta, 9,469, and British Columbia, 4,968. Saskatchewan had 648 and New Brunswick, 583.

True love will conquer a great many obstacles, but poverty and the toothache are exceptions.

### Nursing Record In Two Continents Hard To Equal

Nurse Walle of New Brighton writes: "While nursing in New York in the early twenties, I was poisoned by food, my sister nurse recommended your wonderful Vegetable Laxative Pills. I am never without them and have prescribed them for thousands of my patients who were suffering with indigestion, gas and sour stomach, biliousness, a headache and constipation caused by constipation poisoning."

CARTER'S LITTLE LIVER PILLS

## Save throats

Two ways at once—absorbed, inhaled.

ORANGE PEKOE

ORIGIN OF TERM

"Thousands of people every day read or ask for 'Orange Pekoe' tea, yet rarely know what this term means. Mr. Spalding Black, of the Salada Tea Co., gives the following information on the subject:

At one time China produced practically all the tea used in the world. There the tip leaves of the tea bush looked silvery in color and when cured were apt to show three tip leaves were called by the Chinese 'Ipakho' (meaning silver hair). In the latter part of the nineteenth century, when tea growing had spread extensively to Ceylon and India, tea growers discovered that the color of the tip leaves on the Ceylon and Indian tea bushes was changed by the climate to a slightly more orange shade, so the Ceylon and Indian tip leaves came to be called 'Orange Pakho'. This was a profitable name to the firm we now have 'Orange Pekoe', which should be pronounced 'Pee'-ok.

The ordinary buyer of tea, when asking for 'Orange Pekoe' expects to receive a Ceylon or Indian Black Tea. However, there are many qualities of 'Orange Pekoe' offered to the public, and frequently at bargain prices, that a word of warning is necessary.

Everyone is familiar with the merchant who sells very low prices the last of the shipment which has lost its freshness, and which the merchant wants to be rid of to avoid loss. The same thing applies to tea, which also is sold at bargain prices the last of the shipment. When you see cheap tea, it is either very poor quality or else it has lost its freshness and most of its strength, whether this tea is called 'Orange Pekoe' or not.

In this line of well-edited newspapers, radios, automobiles and fast trains, accurate knowledge on a great many subjects is transmitted rapidly. The advance of science has nowhere been more valuable to mankind than in the means of preventing the purity and goodness of food stuffs.

Today, in accord with enlightened knowledge, the best tea is always sold in its original wrapper, thus serving it from deterioration in flavor and contamination from any outside source. On the other hand, the tea today getting better and purer tea is sold before the sales of well-blended and carefully packed packages are constantly increasing as a result of the purity and superiority of the tea being advertised to the public."

If one be troubled with corns, he will find in Holloway's Corn Remover a relief which will entirely relieve suffering.

### Most Competent Air Pilot

Colonel Lindbergh Can Easily

Qualify For This Title

At Havana Colonel Lindbergh completes his program of Latin American visits. Twelve independent nations, a British colony, two insular possessions of the United States and the Panama Canal Zone have been visited by him since December 31, when he rose from Bolling Field in Washington under weather conditions that to many seemed insuperable, but which to his trained intelligence were propitious. Each trip was a pioneer voyage. Lindbergh's maps were necessarily makeshift affairs for he blazed the trail over uncharted wildernesses, seeing what no man ever saw before. He solved problems never before faced. He sailed near sea level, at high altitudes, in weather fair and weather foul. He kept his schedule as a railway president might hope to have a train keep its schedule.

It is all very extraordinary in aviation as at present developed. It is also very fascinating. But above all it inclines those inevitable ones who are inclined to say that every great feat, like the flight from New York to Paris is "luck". The conviction is nearly universal that Colonel Charles A. Lindbergh, formerly of the United States Air Mail Service, is about the most competent pilot in the world.

One or two drops of tincture of iodine will vanquish germs in a quart of unsafe water within 20 to 30 minutes.

A Prime Dressing For Wounds. —In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

Will Shelton, chief of the Shoshone tribe of Indians, is carving his tribe's history on a huge cedar pole. Sawgrass, a tall grass that grows in marshy places in Florida, is used for making paper pulp.

Minard's Lintment—Invaluable in the Stable.

### Scheme For Aerial Signs

Principal European Cities To See Signals Flashed From Air

Glant equipped aeroplanes and rigid airships of new designs are soon to be employed in organized schemes for flashing aerial night signs above the principal cities of Europe.

One project nearing completion is for a powerful multi-engine gliding plane with a device underneath the widespread wing which will permit huge gleaming letters to be spelt out by an operator as the machine rushes through the darkness.

Another plan in active preparation is for a super-giant ingeniously equipped airship to be stationed permanently in a big shed at Friedrichshafen, and to set off on long distance flights during which it will appear suddenly in the night sky above one great city after another.

On either side of the monster's hull will be immensely long frames containing countless electric light bulbs of various colors. As the machine sails majestically above a densely populated area, electricians in a chamber within its keel will tap keys and cause great letters to flash out along the airship's sides, spelling words which will be seen by the throng gazing up. Yet another plan being worked up on is for a series of pilotless air machines of a perfect type, wirelessly controlled to be sent up on night flights.

These marvellous craft, emitting a heliomatic smoke stream, would go up and repeat automatically a series of prearranged evolutions which would form easily seen letters at great heights in the darkness.

### Birds In Northern Canada

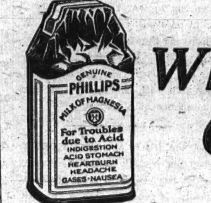

According to explorers of the Topographical Survey of the Department of the Interior, the predominant bird note of the Northern woodlands or Canada, in the latitude of Great Slave Lake, is that of the white-throated sparrow, while the plains to the North of this wooded area are always associated with the plaintive song of the Lapland Longspur. This friendly little bird is always about camp and follows the traveller on his journey.

### Muscular Rheumatism Subdued

When one is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Electric Oil. Let the rubbing be brisk and continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

Life's greatest illusion is that money brings contentment and felicity. Nothing of the kind. It brings responsibilities and worries.

Philips' Milk of Magnesia

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated and food sour. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Philips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention.

One spoonful of this harmless,

tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use cruder methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Philips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

## When Pain Comes

HERCULES  
PERMANENT BUILDING PAPER  
CUT IT—it doesn't tear easily

There's no denying that the most careful carpenter doesn't handle his tools with the dainty movements of a dentist.

Consequently he will appreciate a building paper which allows him to throw careful handling to the winds and work rapidly without fear of tearing.

## WOULD REDUCE THE NUMBER OF PORTS OF ENTRY

Ottawa.—A number of recommendations dealing with the re-organization of the Department of National Revenue are contained in the report of Messrs. Clarkson, Gordon and Dilworth, chartered accountants of Toronto, which was tabled by the Hon. W. D. Buley in the House of Commons recently. This firm acted under the authorization of the order-in-council of August 7, 1926, as auditors to the Royal customs commission.

The report says that from time to time the Minister of National Revenue has put into effect a number of improvements recommended by the investigators, and that these have added to the efficiency of the department.

One of the chief recommendations declared that "to utilize effectively such a body of competent appraisers there should be concentrated in about 100 ports the examination and appraisal of all importations on a commercial scale, which at present pass through some 700 ports. A large number of the present ports should be closed entirely."

It is shown in the report that there are 720 ports, out-ports and stations in Canada and that in 1924 of these the expenditures for administration exceeded the revenue in the year 1926.

It is suggested that the passing of importations on a commercial scale should be left to the hands of all ports having a staff of less than four persons except where for special and sufficient reasons this could not be practical.

Other recommendations are that a special investigation staff be appointed to deal with suspected evasions of duties and taxes or other frauds; that moieties to informers be paid more promptly and in more liberal amounts, while those to officers be abolished, and that the commissioners of customs, excise and income tax, as a committee, be given power to demote or dismiss members of their staffs without approval of the minister or governor-in-council. It also is recommended that a board of appeal be established to protect employees against any possible misuse of such powers.

## Supervision Of Rural Schools

Important Changes Advocated At Saskatchewan School Trustees Meeting

Saskatoon.—Supervision of rural schools and other important changes in the education system of Saskatchewan were advocated by C. E. Little, president, at the annual convention of the Saskatchewan School Trustees Association. Between 700 and 800 delegates were present.

"We must face the fact that in spite of the great improvements in the educational system of Saskatchewan and the efforts of the educational department officials, inspectors, teachers and trustees, our rural schools are not yet in a general satisfactory condition," declared Mr. Little in his presidential address. "One of the great handicaps from which they suffer is the lack of adequate supervision."

Mr. Little said the services of an expert were required to undertake the supervision which he estimated would cost from \$100 to \$200 a school depending upon whether one or two municipalities were placed in charge of an expert. For such a small additional cost they could give country children an equal chance with city children, he added.

Estimating that 74,500 of the 205,000 children in Saskatchewan elementary schools required treatment for various defects, Mr. Little urged that the nursing staff should be increased immediately, so that it would be able to inspect all the public schools in the province annually.

## Talking Dog Has Rival

Great Dane Converses With Reporter Of New York Paper

New York.—The New York Herald-Tribune says that New York City has a talking dog comparable to Princess Jacqueline, French bulldog, reported to be the sensation of the Eastern dog show in Boston.

Boulderville, a great Dane owned by Mrs. J. Stuart Tompkins, wife of a New York attorney, the paper states, conversed with a reporter and demonstrated its ability to say "How do you do," "I want to go out," and a number of other phrases.

W. N. U. 1722

## C.P.R. Traffic Chief Dead

G. E. E. Usher Had Been With Railway For 43 Years

Montreal.—G. E. E. Usher, general passenger traffic manager of the Canadian Pacific Railway, died suddenly at his residence in Westmount. He was 71 years of age.

Mr. Usher was born at Chrysler's farm, Chipewyan, Ont., Dec. 29, 1857. He joined the C.P.R. on Nov. 1, 1886, as chief ticket clerk in the passenger department at Montreal.

His rise to executive office was rapid, culminating in his appointment as general passenger traffic manager of the company on Sept. 1, 1922, with jurisdiction over passenger and traffic matters covering rail and steamships on the Atlantic and Pacific and also gave him charge of the entire hotel chain of the company.

Mr. Usher originally intended to go in for a musical career but owing to force of circumstances entered railroad work instead.

He joined the Canadian Pacific Railway when the trans-continent service was inaugurated and was therefore contemporary with the extension of that railway across the continent. He had seen it grow to a world-wide organization, stretching through the Dominion and encircling the globe.

## China Hopes For Improvement

People Looking For Better Times During This Year

Canton.—Thankful that the "year of the rabbit" just closed is behind them, the people of China today are looking for better times under the new watch of the mystic dragon now presiding over the current year.

The "year of the rabbit" ended in the midst of crippled domestic trade, curtailed shipments abroad and in general a dreary commercial outlook.

Canton and South China ushered in the New Year hopeful but with grave commercial misgivings.

The new lunar year means much to China and her more than four hundred millions of persons. In addition to being practically her only holiday of the year, it is the chief commercial settling day when all accounts of the dying year are "reckoned up and paid."

## World Cataclysm Predicted

Date Of Commencement Set At May 29 This Year

Ottawa.—If the symbolism of the great pyramid of Egypt are reliable they foreshadow a great cataclysm to commence at midnight of May 29 this year, according to T. R. Ransome, Toronto, organizing secretary for the British Israel Federation of Canada.

Addressing a gathering of Ottawans, Mr. Ransome said it clear that he was uncertain just what form the cataclysm would take, "but if the prophecies of the Bible were indeed the true word of God, and current history was a guide" then he was afraid it was the "war to the end."

## Wins Quebec Dog Derby

Emile St. Godard Beats Nearest Competitor By Two Minutes

Quebec.—Emile St. Godard, musher of The Fox, Man, won the annual international dog derby here by defeating Leonard Seppala in the third day's heat by 2 minutes and 33 seconds.

St. Godard's time for the 41-mile run was 3:39:07, while Seppala was second in 3:41:40, and Earl Brydges, The Fox, Man, third in 3:42:20.

The total time for the races for the three ways was: 1, St. Godard, 11:14:17; 2, Seppala, 11:17:30; 3, Brydges, 11:28:25.

## Ready To Sail Earlier

Canadian Destroyers May Be Finished Before March 20

Ottawa.—The Canadian destroyers Vancouver and Champlain, which are being reconditioned at Portsmouth for service in Canadian waters, will probably be ready to sail earlier than March 20 as was originally planned.

This was declared by officials of the department of national defence. The destroyers, formerly the Torbay and the Toredore, are replacing the obsolete Patriotic on the Pacific coast and the Patriot, Halifax.

Increase In Paper Exports

Ottawa.—Canada's total export of newspaper for the 12 months ending January 21, was \$124,168,000, as compared with \$119,013,124 for the corresponding previous 12 months. The returns were made public by the Dominion bureau of statistics. The total exports of paper and manufactures of paper were \$130,570,320 for the last 12 months, and \$122,263,320 for the year before.

## ANSWERS GIVEN TO QUESTIONS ON IMMIGRATION

Ottawa.—A number of questions dealing with immigration were answered in the House of Commons, their range extending from the admission of Asiatics to the cost of transportation from Europe to Canada.

It is shown that from 1921 to 1927 there were 787,408 immigrants arrived in Canada from Great Britain, the continent of Europe and the United States. Of these 361,834 came from the United Kingdom; 249,521 from the continent, and 176,053 from south of the international boundary.

The cost to the country for bringing in those immigrants was \$7,204,086, of which over 50 per cent. was spent in connection with British immigration.

The figures disclose that the banner year in immigration from the Old Country was that which closed on March 31, 1921, when 74,322 newcomers came to Canada. In the fiscal year, ended March, 1927, the number of foreigners coming into this country from European continental parts was 71,073, a figure that exceeded by 370 the combined totals of British and American immigration during that period.

Since 1923, the year in which the system of assisted passage was adopted, to December 31, 1927, there were 61,267 new settlers brought in at a cost of \$1,534,534.

The answers stated that provision was made under the Canadian Farm Loan Act of 1927 to assist Canadians desirous of settling on the vacant lands of the country.

In the year 1927 there were 94 Chinese admitted to Canada under permit, and of these 40 entered as actors and actresses; four were missionaries and three were teachers. Thirty-five of the 94 had already left the country.

In the same year 483 Japanese entered Canada, distributed in 118 adult males, 277 adult females, and 98 children.

The laboring class accounted for 154 of the sexes, while farmers totalled 118 both sexes.

Will Support Prohibition

Washington.—Declaring the United States has "deliberately undertaken a great social and economic experiment, noble in motive and far-reaching in purpose," Secretary Hoover, as a presidential candidate, pledged himself to support the prohibition amendment.

NEW CANADIAN PEER

## NEW CANADIAN PEER

Lord Strathcona and Mount Royal, new Canadian peer, who is a member of the royal commission on India reforms which was greeted by rioting on its arrival in Madras.

## Testing Invention For Planes

Illinois Engineer Has Secured Patents For Gasoline Turbine Motor

Chicago.—Assured that three nations including Canada will grant him patents on his gasoline turbine aeroplane motor, R. E. Lashley, engineer of Libertyville, Ill., is going forward with plans to test his invention on a trans-Atlantic flight. France and the United States already have recognized the patent.

Mr. Lashley said his engine will be a great greater cruising radius for the amount of fuel used than any existing aeroplane engine.

## Lindbergh Homestead As Memorial

Washington.—A bill to authorize the purchase of the Lindbergh homestead at Little Falls, Minn., as a suitable memorial to the achievements of Col. Charles A. Lindbergh, through the sale of medals, has been introduced by Senator Shipstead, Farmer-Labor, Minnesota. A similar measure has been introduced in the house.

## Husky Twice Saves Master's Life

"Mookie" leader of the Chateau Frontenac dog-team, has many friends, but none who watch his neck with more interest than Sergeant William Grennon, of the Royal Canadian Mounted Police. The Sergeant, who is six-foot-three and has a marksmanship of the force, talks with tears of pride in his eyes, how Mookie, whom he raised from a pup, saved his life on two occasions.

An early freeze in the North Country. The team with "Mookie" in the lead, crossing Sturgeon Lake. Then the realization that the ice was cracking and bending and the knowledge that it was too thin to allow the sleigh and driver to stand still long enough to turn. There was no retreating, they must go. "Mookie" waited for no word of command. He led the team on, at a breakneck speed across an expanse of seven miles, with death facing them at every step, and reached the opposite shore in safety.

Once again, the following year, the Sergeant claims that "Mookie" saved his life, when he cleared with one bound a cut in the ice, six feet wide caused by the swift current, the others following.

Over thousands of miles through the snow-bound north, on missions of life and death, Mookie has accompanied Sergeant Grennon. When Mookie left five years ago for Quebec, the Sergeant was heard to say that he had lost his most faithful and his most beloved friend.

## Federal Aid Cancelled

Contributions To Unemployment Relief In Province Were War-Time Measure

Ottawa.—Withdrawal of Federal contributions to the provinces for unemployment relief is announced in a letter from Premier King to Premier Bracken, of Manitoba, dated February 20.

The Prime Minister in part says that the policy of the government as set out at the Dominion-Provincial conference was "that such assistance as had been given from the Federal treasury had justification as a war-time measure to meet conditions arising out of the war and the re-establishment of returned men in civil life."

Mr. King continues:

"It was stated at the conference that the justification for Federal assistance in the matter of unemployment on this ground no longer exists. In our opinion other circumstances have not arisen which at the present time justify contributions from the Federal treasury to either the provinces or to municipalities as an assistance in dealing with the problem of unemployment."

The letter was in answer to inquiries from the Manitoba government as to what aid could be expected this year.

## London Chimes Travel Nearly Around World

Re-Broadcast In Australia Also Heard In Buffalo, N.Y.

Buffalo, N.Y.—Chimes of Big Ben in London, re-broadcast by Station 2-FC in Sydney, Australia, went on the air over a radio station here.

The evening programme of the Australian station was broadcast by the local stations. After the usual musical programme, the Sydney station picked up the London broadcast and in what is believed to be the first experiment of its kind in the history of radio, chimes in London were heard in Buffalo, after travelling nearly around the world. At one point in the broadcast the Sydney announcer called "Hello, America," and sent greetings from Australia to the people of Western New York.

Some difficulty was had with heavy atmospheric conditions, but after preliminary tests, signals were picked up very clearly.

## New Jail For Manitoba

Will Be Located Where Farming Operations May Be Carried On

Winnipeg.—Manitoba is to have a new provincial jail and prisoners who are sent to it will have to work at farming operations, according to an announcement made by Hon. W. J. Major, Attorney-General, in the Legislature.

The site of the new institution to cost \$300,000, has not been selected yet, but the Attorney-General stated that it would be located at a place where farming operations could be carried on in combination with the ordinary prison routine.

## CONDITIONS MORE FAVORABLE IN LIVESTOCK TRADE

Vancouver.—Conditions now in all branches of the livestock industry are more favorable than at any time in the last seven years, declared R. A. Wright, president of the Western Canada Livestock Union, at the opening session here, of the fifteenth annual convention of the organization. More than 100 delegates from the western provinces were in attendance at the three-day convention. All branches of the industry were represented, as well as the Dominion and Provincial Governments.

"It would appear as though our farmers and ranchers were for a considerable period of short receipts and better prices," declared Mr. Wright. "Livestock prices compare more favorably with the purchasing power of non-agricultural products than at any time since 1920, which means the purchasing power of livestock during 1927 has recovered almost its pre-war relation to other industries."

Referring to a ten million dollar merger of packing interests last year, the president urged the necessity of an organization of producers to meet the competition of collective buying by selling collectively. During his term as head of the union, Mr. Wright said, he has become more than ever convinced of the necessity of the organization to the livestock industry and it has become recognized by provincial and federal authorities as the mouthpiece of livestock interests.

## A BIG CUT IS MADE IN U. S. NAVAL PROGRAM

Washington.—Shipping Secretary William Wilson announced that 71 new warships, the house naval committee decided to authorize the construction of 16 ships, one of them an aircraft carrier, and the remainder cruisers of the 10,000-ton class. It turned "thumbs down" on new submarines.

This action, taken after a protracted executive session, was described by Chairman Butler as practically unanimous and in line with the original United States proposal to the unsuccessful Geneva arms conference.

Wilbur had urged the committee to approve a building program of 23 cruisers, five aircraft carriers, nine destroyer leaders and 32 submarines, representing the program as having the backing of President Coolidge.

Butler estimated the committee's program would cost \$274,000,000 as compared with \$740,000,000 for the administration's plan, both figures excluding the increase in aircraft and personnel for which the additional ships would call.

The committee, in refusing to provide for submarines, turned a deaf ear not only to the naval secretary but also to an emphatic protest by one of its own members, Representative McClintock, Democrat, Oklahoma.

The committee provided that the 15 cruisers should be started within three years, the aircraft carriers, nine of them, and the aircraft carrier be started within two years.

The committee also adopted a provision that "in the event of an agreement for further limitation of naval armament by international conference to which the United States is a signatory power, the President hereby authorized and empowered to suspend in whole or part any of the naval construction authorized under this act."

## Established New Air Records

British Aviator Reaches Australia From England In Fifteen Days

London.—Bert Hinkler, British aviator who arrived in Australia Feb. 22, is acclaimed as having performed one of the most remarkable feats of flying skill and endurance that has yet been accomplished.

Claims are made that the 15-day flight established five new air records, being the fastest flight between England and Australia; the longest light plane flight ever made; the longest solo flight in any kind of an aeroplane; the fastest journey between England and India, and the first non-stop flight between London and Hong Kong.

It developed that Hinkler was poorer by about \$10,000 than he would have been if he had completed arrangements for a policy with Lloyd's which he previously was stated to have taken out. The underwriters said that Hinkler had arranged for a policy of about £2,000 against reaching Australia within 16 days, but for some reason left without completing the negotiations.

The Daily Mail said that the real object of Bert Hinkler's flight to Australia was to test a new undercarriage. This the British flyer invented himself and to it he attributed his success in his present flight.

The plane he uses is fitted with folding wings and an undercarriage which swings back when the wings are folded, enabling the flyer to house the machine in a garage and making it easy for one man to handle.

Hinkler sent a message to London saying he never had the least assistance in moving the machine since he started.

## Auto Racer Near Death

Had Miraculous Escape In Attempt To Set New Speed Record

Daytona Beach, Fla.—Frank Lockhart, internationally known race driver of Indianapolis, narrowly escaped instant death when he lost control of his powerful Stutz Blackhawk Special during an attempt to set a new world's automobile speed record and hurtled with it into the mud while travelling at 225 miles an hour. A superficial examination revealed no obviously serious hurt.

The 25-year-old racer suffered a severe shock but otherwise was not seriously hurt. This was the pronouncement of physicians at the hospital to which he was taken.

A complete examination, the doctors said, showed no broken bones, no internal injuries, and that aside from a few lacerations on his face, Lockhart was suffering principally from shock.

## Local and General Items

Mr. A. J. Kelly returned Sunday from a business visit to Calgary and Edmonton.

If daughter needs some place to work off surplus energy, a very good place is at the upper end of a broom handle.

A home for the aged and helpless is to be erected near High River by the North American Conference of Golden Rule churches.

Irish music, addresses, songs and dances, Blairmore opera house, Saturday, March 17th, at 8.15 p.m. — St. Anne's Catholic church.

Butterflies in England are said to be turning black from eating manganese and lead salts, deposited from factory smoke on the leaves of their plant food.

Birth certificates are now required for sandwiches in London before they can be marketed. A stamp, showing the hour when the sandwich was made must appear on the wrapper.

A great many municipal corporations throughout British Columbia are passing resolutions asking the B. C. municipalities to prohibit the sale of land or the granting of licenses to Orientals.

The steamer Silvia will prosecute the Newfoundland seal fishery this spring, being the largest ship that has ever prosecuted that voyage and the first oil burner. Eleven steamers will make up this season's fleet. They sail on March 10th, at usual.

In the midst of exploits in the air, the start of Capt. Robert Bartlett for another trip to the Arctic in his little ship, the *Effie M. Morrissey*, should not be overlooked. He will head an expedition of the American Museum of Natural History which will seek to find traces of the first men who crossed Behring Strait from Siberia to the American continent.—Christian Science Monitor.

We had a row one time with another donkey. You see, we were starting out for the mountains on a big game hunt. The donkey was very short legged and our legs were too long. The donkey complained of tender feet. Ours were tender, too. Finally we settled matters so that the donkey was to walk a certain distance, then it was our turn to walk. We succeeded in getting to the mountains alright.

It is a joke to think that any guy can come into Blairmore and sell cash in advance, almost any article he chooses through a house-to-house campaign and not be under any obligation to the town, while another who decides to lease, rent or buy property and enter into a legitimate business must first deposit a guarantee of good faith with the town. Recently, a transient trader collected upwards of \$250 around this town for a commodity (if we could call it such) that was not worth a dollar to anybody locally. And, of course, our sympathy is reserved.

The biggest joke of the season was the excuse made by Edgie Poulin, of Calgary, for not playing Joe McGolderick with his Canadian-Falcon mixture at Calgary on Wednesday night of last week. The reason given was that McGolderick was suffering from a sprained wrist. It was really the weight of years that was responsible for McGolderick not playing and the Blairmore management had the goods necessary to prevent him going any further. It is not the first time that those city teams have been found to carry unqualified material, which is conducive to anything but good sportsmanship. Lose or win, Blairmore is in a position to boast of a team that was not handicapped from year to year, but a bunch of boys who have stayed together for at least three years—and without any direct salary from the club.

Twenty-three autos conveyed Pincher Creek fans here on Monday night.

Quite a number of local folks attended the Leap Year dance at Hillcrest last night.

The San Diego Union remarks: "The best possible aid to adult education is children."

A special train, bearing upwards of five hundred hockey fans, will arrive at 7 p.m. from Fernie.

An entertainment worth double the money, St. Patrick's evening, March 17th, at 8.15, at the opera house.

Miss Milda Bond left last night for Calgary, where she will enter the Holy Cross hospital as a nurse-in-training.

The Blairmore Juveniles won a two-game series against Blackie last week end and are elected to play sudden-death with Calgary.

Quite a number of people were disappointed on Monday morning that Joe McGolderick was not accompanied by a wife and a few kids.

There is no use to explain the budget system to a man who pays \$3.00 for getting his car washed while his wife is doing the family wash at home.

Tuesday, February the 21st, was the thirty-seventh anniversary of the big mine explosion at Springhill, Nova Scotia, in which 125 lives were lost.

Seventy-five characters, local talent, children and grown-ups, members of St. Anne's parish, at the opera house at 8.15 p.m., March 17th. Watch for programme and posters.

A news item mentions the case of a New York man who started life as an errand boy and has now been made an editor. This just shows the danger of starting life as an errand boy.

On Sunday morning, the Junior First Aid team surprised Mr. Royle by presenting him with a gold-mounted daofold evershar pencil, as a token of appreciation of his services as instructor.

A very prominent "christie stiff" suffered from aseclonic stroke at the arena on Monday night, when Blairmore scored the winning goal. The hat has been turned in at Campbell's Calgary, as part payment on a new one.

Mr. and Mrs. J. O. C. McDonald left Coleman last week for Brule, where Mr. McDonald has accepted a position with the Blue Diamond Coal Co. Mr. McDonald had been a resident of Coleman for about twenty years.

A hard times dance will be held in the I.O.O.F. hall at Cowley on the night of Thursday, March 15th, under the auspices of Cowley Women's Institute. The proceeds will go towards St. Vincent's hospital, Pincher Creek.

Fernie Rotarians, juniors, defeated Vancouver ex-King George 5-4 on Vancouver on Monday night, winning the British Columbia championship and electing to play Blairmore, Alberta junior champions, in the Abbott cup series.

The Blairmore branch of the Women of Mooseheart Legion held a social evening in the lodge hall after their regular meeting on Thursday night last, in honor of Legionaire M. Bond, who is leaving for Calgary shortly. Luncheon was served, followed by whist. Prizes were awarded as follows: Ladies' first, Miss M. Bond; second, M. Harriet; consolation: G. Huguet and Mr. Firestone; Gent's first, E. Leask; second, Miss S. Kubie. The rest of the evening was spent in dancing, during which the legionnaires presented Legionaire Bond with an emblematic ring.

Vinny Chapter No. 52, Order of the Eastern Star, will hold a St. Patrick's tea in the Lodge Hall on Saturday, March 17th, from 3 to 6 p.m., together with a home-cooking and apron sale.

The marriage of Dorothy May, only daughter of Mr. and Mrs. Frank G. Graham, to Mr. Stephen MacIn, took place at Coleman on Thursday morning last. The ceremony was performed at St. Alban's church by the Rev. A. D. Currie.

Waterton Lakes hotel and chalets have been sold by E. Poulin to a group of Lethbridge men for a consideration of \$30,000, according to an announcement made. It is said that Mr. Paul Kuschel, of Warner, former proprietor of the Alperton hotel here, will be resident manager.

**WHITE LEGHORN BABY CHICKS**, from healthy, heavy laying strain. Descriptive price list on request.—DONALD BRADLEY, Creston, B.C.

For First-Class Work and Quick Delivery, send your **HEMSTITCHING** to Barton's Music & Sewing Machine Store, Fernie, B.C. [Je-15]

## To Car Owners---

We beg to announce to car owners that we have placed an order with the Alberta Battery Co., of Calgary, for 250 "Hi-West" and "A.B.C." batteries, delivery to be taken for all of them by November 1st next, and as volume has cut quite a wide swath in the cost of these batteries and also our profit being cut down, we are able to sell the 11-Plate Cell Battery at \$12.00 and the "A.B.C." 15-Plate Cell at \$14.00, both in rubber boxes—no better batteries on the market. We have these batteries in stock and we ask you to call at once and look them over.—Blairmore Vulcanizing & Battery Station, W. M. Bush, Prop.
